

2010 - 2011 TUITION SCHEDULE

The Tuition reflected in the schedule below is the approximate cost per student. To determine the tuition amount for each student you desire to enroll:

- o Go to the table for the grade of the student and identify your family income level. Family income includes all sources available to you to fund your child's education. This means salaries plus contributions from relatives, and passive income such as interest, capital gains and dividend income.
- o Costs in the tables below are per student. The column you reference is determined by the total number of students you plan to enroll in the 2010-2011 school year.
- o Tuition is payable either in full before July 1st, 2010 or by paying ten equal installments on the first of every month beginning July 1, 2010. Tuition payments not received within ten days after the due date will be charged a \$25.00 late fee.

The registration fee for each student enrolled is \$250 if paid before March 1st and \$350 if paid March 1st 2010 or later.
